```java
/*NAME:HARSH TRIPATHI
ROLL NO:59*/
class Singleinheritance {
    public static void main(String args[]) {
        Dog d = new Dog();
        d.bark();
        d.eat();
    }
}

class Animal {
    void eat() {
        System.out.println("eating");
    }
}

class Dog extends Animal {
    void bark() {
        System.out.println("barking");
    }
}
/*
 * OUTPUT
 * barking
 * eating
 */
```
